Medical Director
CREI FRANZCOG LEKARZ

GP referral guide

Supporting GPs and their patients with fertility care

Family Fertility Centre (FFC) welcomes GP referrals. We offer a clear pathway for patients needing fertility assessment and treatment, and we keep you informed along the way.

How to refer

1. **Complete the referral**
   Use the FFC referral form or your own referral letter.
2. **Send it to us**
   Email or fax it to our reception team. Details below.
3. **We contact your patient**
   Our team contacts your patient within 72 hours of receiving the referral.
4. **We keep you informed**
   Dr Stankiewicz writes to you after your patient's first appointment.

Urgent fertility preservation: for patients facing cancer treatment or other therapy that may affect fertility, call the clinic on (08) 8490 3980.

When to refer

- Trying to conceive for several months and wanting to understand their options
- Age-related fertility concerns
- Irregular or absent ovulation, or endometriosis
- Known or suspected male-factor infertility
- Recurrent pregnancy loss
- Fertility preservation
- Medical or reproductive history affecting fertility
- Single people and same-sex couples planning treatment

Services at FFC

- Fertility assessment and investigation
- Ovulation induction and fertility treatment
- IVF and ICSI
- Male-factor fertility care
- Fertility preservation
- Donor programs, with donor-conception counselling
- Preimplantation genetic testing, where appropriate
- Recurrent pregnancy loss support

Before you refer

You're welcome to refer at any stage where specialist advice would help.

Helpful tests before referral

- AMH blood test
- Semen analysis, where relevant

Helpful to include

- Patient and partner details, where relevant
- Reason for referral and relevant history
- Any results you already have

Talk to our team

Karly, GP liaison
Your first contact for referrals, patient questions and updates.
